Subject: Re: Crestwood Meeting December 2 in Newtown and Access/Link to TERA George -

Working on Saturday, I see - hope you got some weekend!

I am forwarding your email on to Suzanne Bohan the head of EPA Region 8's enforcement office so that she can get a copy of the information request we sent to Crestwood and so that she can respond to Three Affiliated Tribes offer to partner with EPA on the Crestwood spills.

I am also copying Steven Way who is EPA Region 8's lead on the Middle Missouri Sub-Area Contingency Plan to get you and Frankie Lee a link and access to The Emergency Response Application (TERA) that encompasses Ft. Berthold Indian Reservation (also cc'ing others in Steve's group in case Steve is out).

Good to hear from you, George. Good luck with your new position and we look forward to working with you.

Subject: Creastwood Meeting December 2 Cindy –

Glad to have made your acquaintance at the recent Partners Meeting.

As we discussed, we are planning to meet with Crestwood representatives soon at New Town and I believe you expressed an interest in attending. This will provide all involved parties to share concerns and review actions needed to insure adequate remediation efforts going forward. Meeting will be at 10 AM at the tribal Office Administrative Complex which is on the north side of Highway 23 across from the main tribal Administrative building. These facilities are actually 7 miles west of the City of New Town just after the Four Bears Bridge.

Also I tried to look for the GIS (TERA?) website you made reference to on the EPA but could not locate it so if you can send a link that would be great.

Lastly the Three Affiliated Tribes is wanting to partner with EPA on the Crestwood spills and we are asking for documents and copies of correspondence/emails EPA that can be shared. Of course we will hold that information confidential as a partner. Thank You.

George Abe

Three Affiliated Tribes

Natural Resources Administrator (Acting)
